Signed by the foreman, Harry E. Brown, Fairfield, the report stated: "The administration building (at the county home) needs to have the kitchen remodeled. 39 INJURED IN FLASH FIRE

Providence, R. I., Nov. 14 (P)—Thirty-nine persons were injured, two critically, in a fierce explosion-punctuated flash fire that swept the sprawling Recreation Center Bowling building last night.

Several hours after the fire had been controlled, Eugene A. Noente, 17, a bus boy at a steak house in the building, was reported missing by his father. Police said, however, they had been informed he had been seen outside the structure during the blaze.

Police said that many of the 400 persons who fled "in panic" from the structure escaped or were blown through windows jammed with bowlers seeking exits as the fire spread with "flame-thrower speed" through the 150 by 120 foot building.

Authorities believed for a time that several persons had lost their lives in the mad scramble for safety, but reported, after a thorough check, that no one apparently perished. One of the most seriously injured was Dr. Nicholas Kourmaras of Cranston who rushed into the flaming building to administer first aid to persons later dragged from the structure. He suffered severe facial burns and shock.

HURT CRANKING CAR

Harry Kuhn, 30, of Gettysburg R. 2, was treated at the Warner hospital early this morning for lacerations of the head, suffered, according to borough police when Kuhn was cranking his automobile. He was taken to the hospital in the police car at 1 a. m. today.

TWO JAILED FOR

(Continued from Page 1)

Miller said he might have hit his wife, but that he became so angry he could not recall.

Couples' Troubles

John Mays, Littlestown, charged with surety of the peace by his sister, Miss Opal Mays, also of Littlestown, was ordered to post a \$500 bond to keep the peace after a hearing at which Miss Mays and Chief of Police Leon Gage of Littlestown told the court that he had been called to the Mays house, found Mays near the house and that Mays told the chief, "You can go to —, I'm not going along." The chief added in his next sentence: "But eventually he went along."

The court held that a father has a right to see his children in the non-support case brought by Mrs. Bernice Mummert, of Littlestown, against Charles Mummert, Hanover.

In a previous court appearance the couple had agreed to certain payments on the part of Mr. Mummert directly to Mrs. Mummert and had agreed for the father to see his two sons. Mrs. Mummert testified that he had not made the payments and that she feared to permit him to see the youngsters. Mummert testified he had stopped payments after Mrs. Mummert failed to keep her part of the bargain to let him see the youngsters.

Mother Warned

The court ordered Mummert to pay \$12 a week for the support of the two children and to pay the costs of the case. The \$12 a week is to be turned over to the clerk of courts who in turn will send the money to Mrs. Mummert, the court said. The court added that "we feel Mrs. Mummert is in contempt of court because she is trying to avoid its order. You are directed to take the children to the home of the Rev. David Kammerer where your husband can see them. I dislike exposing Reverend Kammerer to what you will do when you take the children there. But we have the utmost confidence in Reverend Kammerer and we know he will act in this matter from Christian principles. Your husband is to be permitted to see his children if we have to take them away from you. Any violation on your part will result in your coming back under contempt of court. If he does not conduct himself properly the rule will be voided. The court does not propose to fool with either of you."

Non-Support Cases

Robert McGonnell, York, appeared before the court for a report on his support payments. He was directed to return January 23 when it was found that all payments have been made in full.

Donald MacPherson, Steinwehr avenue, appeared before the court in connection with a desertion and non-support case brought by his wife. When it was shown the couple are now living together and apparently have worked out their differences the case was continued generally.

A non-support case against William Pope, address unknown, was brought before the court with the Department of Public Assistance as prosecutor. During testimony it was revealed that Pope had not been notified that a charge had been brought. His wife, Mrs. Edith Pope, testified she had gone to her home in Florida and had returned to their home on York street only to find her husband missing. He has not as yet returned she said. She added that she had sought assistance from the DPA and received it. She said that she and her husband had a joint account of over \$5,000 in a local bank. That she had withdrawn some money from it and that later the account had been divided, after passage of the community property law, giving her about \$1,300.

The court, stating it "did not see how a case can be brought without giving a man an opportunity to appear" said it plans to study the case and the law and hand down an opinion later.

Court adjourned shortly after 11:30 o'clock until November 22.

Governor Duff On Vacation, But Where?

Harrisburg, Nov. 14 (P)—Governor James H. Duff was enjoying his first formal vacation today since his inauguration last January, but his whereabouts was still a mystery. Duff said before he left that he planned to spend two weeks "somewhere in the south" but declined to reveal his destination, asserting that if he did "I would find a lot of telegrams waiting for me."

Just after his election to the Governorship last winter he spent some time fishing off the North Carolina coast, but since then his only lengthy trip away from Harrisburg was to the Governor's conference at Salt Lake City.

St. Lawrence University Foe For Bullets' Final Home Grid Tilt Saturday

LARRIES BOAST STRONG AERIAL ATTACK WEAPON

Needing a pair of victories in the final two games of the season to finish with a .500 average, the Gettysburg college football squad will complete its pre-game drills this afternoon for its final home contest with St. Lawrence university here Saturday afternoon at 2 o'clock.

Fathers' Day is being observed on the campus this week-end and the influx of students' parents is expected to result in a large crowd.

The Larries, who hail from Canton, N. Y., a town of about 3,000 near the St. Lawrence river in northwestern New York state, have a record of three wins and four defeats and will be concluding their campaign with Saturday's contest.

St. Lawrence is known to have a formidable passing attack with comparative light but speedy ball carriers.

Visitors' Lineup

The probable starting lineup for the Scarlet and Brown outfit is expected to be as follows: Morro, 195, and Audet, 190, ends; Herwitz, 215, and Baldwin, 200, tackles; Williamson, 198, and Barron, 195, guards; Eysaman, 185, center; Cloff, 150, quarterback; Sacco, 160, and Hayden, 160, halfbacks; and Shakesheber, 180, fullback.

Coach Roy Clogston has revealed his star pass receiver, Tom Ryan, end, will be out of action due to injuries received in last week's game.

St. Lawrence officials have revealed that next year's game with the Bullets will be played in Municipal stadium, Kingston, N. Y., as part of Metropolitan Alumni activities of St. Lawrence.

Coach "Hen" Bream stated today he expected to make no change in the opening for Saturday's tilt.

The forward wall will be composed of Cauffman and McCausland, ends; Pavell and Schlegel, tackles; Smith and Hummel, guards, and Gilligan, center.

Gene Hummel, who has been outstanding on the line all season for the Bullets, suffered bruises at Allentown last Saturday which may prevent him doing full time duty.

The backfield offers but one possibility for a change. Bob Johnson, whose play has been particularly pleasing recently, may replace the veteran Joe Cervino at fullback. Otherwise the starters will be the same and will include Musselman, Rambo and Wileman.

Bill Uhlig, who has developed rapidly into a smooth ball carrier is scheduled to see plenty of backfield duty this week along with Tony Cervino, Way, Gible and Florian.

The Bullet squad, with the possible exception of Bill Atherholt who is nursing a minor injury, is in good shape for the contest.

The Bullet varsity made its best showing of the season against the strong freshman team during scrimmage Wednesday evening.

Saturday's game will mark the final home appearance of Joe Cervino, Art Smith and Charley Rambo, all of whom will be lost via graduation.

St. Lawrence's 40-man squad and coaching staff is expected to arrive in Gettysburg about 6 o'clock this evening and will spend the night at Hotel Gettysburg.

Indianapolis Wing Plays Stellar Game

(By The Associated Press)
One of the brightest stars in the American hockey league is Nelson Podolsky, 21-year old left winger of the high-scoring Indianapolis Capitals.

The 160 pound forward, now in his third year of pro hockey, has scored 18 points, nine goals and as many assists thus topping his output for 61 games last year.

Last night he sparked the Caps to a 6-2 victory over the New Haven Ramblers by picking up a goal and drawing three assists. The win enabled the Caps to move into second place deadlock with the Buffalo Bisons in the circuit's western division flag chase. The two sextets trail the pace-setting Pittsburgh Hornets by one point.

In the remaining game, the Providence Reds battled the St. Louis Flyers to a 2-2 deadlock. The tie enabled the Reds to snap a second place stalemate with the Ramblers in the eastern half race.

Schedule Game For Biglerville Field

Announcement was made today that the Littlestown - Dallastown high football game, twice postponed by inclement weather at Littlestown, will be played next Tuesday evening at 8 o'clock on the Biglerville high school field.

Dallastown and Littlestown will clash in the first of their two scheduled games on Small Field, York, Saturday evening.

Fights Last Night

(By The Associated Press)
Philadelphia—Johnny Forte, 134½, Philadelphia, outpointed "Whistling" Willie Roache, 132½, Wilmington, Del., 8.

Pittsburgh—Joey Falello, 138, Hays, Pa., outpointed Leo Garrett, 136, Cleveland, 8.

Canners To Seek Revenge Tonight

Tonight at 8 o'clock the Biglerville high school football team will go all out in its efforts to wind up the season by scoring a victory over Elizabethtown high on the Biglerville gridiron.

The Biglerville lads are keenly aware of the 74-0 pasting they received from the hands of Elizabethtown a year ago and are determined to avenge that setback.

A large crowd is expected to turn out for what promise to be a red hot contest.

PIRATES USING HEAVY "SUGAR"

Pittsburgh, Nov. 14 (AP)—The Pittsburgh Pirates, who claim they lost money while establishing a new attendance mark last season, are opening their pocketbooks again to try to get a winner.

The Bucs announced last night the purchase of two players from the Brooklyn Dodgers, infielder Stanley Rojek, 28, and first baseman Edward Stevens, 22. They didn't reveal what they paid for the privilege of doing their early Christmas shopping in Branch Rickey's establishment, but the Pittsburgh Post-Gazette estimated the two players cost \$80,000.

Talk of the heavy "sugar" brought to mind another deal the Pirates negotiated with Rickey last spring. The price estimates on that deal ranged from \$150,000 to \$200,000. It brought pitchers Kirby Higbe and Hank Behrman, infielder Gene Mauch and catcher Dixie Howell here from the Dodgers.

Higbe saw a lot of duty but had indifferent success. Behrman was returned to Brooklyn, saving the Bucs about \$50,000. Mauch was farmed out to Indianapolis and may be called up later. Howell was only ordinary.

This time the Pirate management—and fans—are hopeful of a better break. And Rojek is thinking along the same lines.

KILLINGER SAYS EIGHT WINS EASY

West Chester, Pa. Nov. 14 (AP)—Glen Killinger, West Chester State Teachers' college coach, says it's easy to go eight straight games without defeat and wind up in a post-season bowl game when you have a squad four deep and a watch charm guard who "is out of this world as a football player."

Killinger, a veteran of 25 years in the football coaching profession at Dickinson, Penn State, Rensselaer Poly, Moravian and North Carolina pres-flight, explained that he had runners—speedy and powerful—a top passer and punter and a big, aggressive line.

The West Chester mentor wanted most to talk about a 165-pound guard named Ben Coren.

"Coren is a 60 minute football player who has amazing power for a small fellow. I can't understand where he gets the drive to push around the big men. He's a born football diagnostician. Coren has been a blocking demon all season, calls defensive signals and often times even calls offensive signals."

Running the "T" formation used by the teachers is a 160-pounder by the name of Wayne Schneider from Holmesville, Pa. Schneider is an able passer and an excellent punter. Killinger said Schneider has punted more than 70 yards from scrimmage on at least four occasions.

The speed merchant is Joe Carlozo, Philadelphia high school product whose high knee action running has netted 13 touchdowns and the scoring lead in the east. Carlozo is a freshman.

To Consult Vets About Graziano

Philadelphia, Nov. 14 (AP)—The Pennsylvania State Athletic Commission is going to ask disabled service men in the state hospitals whether they think Middletown Champion Rocky Graziano should be barred from fighting because he received a dishonorable discharge from the army.

Leon Rains, chairman of the commission, said yesterday the body believed it was not fair for it to pass judgment on the champion and that disabled veterans should be the best judges.

The commission plans to take a poll of the patients in the veterans' hospitals and upon their vote will depend largely the answer the commission gives to the National Boxing Association.

MAROON SCRUBS UPSET HANOVER RESERVES 32-0

Jack Shainline's Gettysburg high junior varsity football team closed a successful season Thursday afternoon by lacing the Hanover high reserves 32-0 at Hanover.

Hanover, aided by a 25-yard pass, reached the Maroons' 2-yard line in the opening period but were forced to yield the ball at that point due to the stout defense of the locals. From that point the Shainline-men marched 98 yards for a tally, Bill Bushman going over from the 2 on a quarterback sneak in the second period. On a fake kick, Bushman passed to Ken Biesecker for the point.

Ken Biesecker scampered 30 yards around right end for his first score in the third period. A pass, Bushman to Snyder, was good for the point.

Bill Bucher tallied a few minutes later when he raced through left tackle for 20 yards to hit pay ground.

The final score of the quarter came on a 2-yard buck by Bucher.

Tally On Pass

In the last period Bushman passed to Snyder for 5 yards and a score, Snyder making a beautiful catch as he was tackled.

The Maroons attempted eight passes and completed six. During the season the Maroons copped four games while losing but one and tying another. They outscored their opponents 117 to 25.

Starters in Thursday's tilt included M. Myers and W. Snyder, ends; Kitzmiller and Hershey, tackles; Neibler and Hess, guards; Shultz, center; Bushman, quarterback; Bucher and Mellas, halfbacks; and Biesecker, fullback. Substitutes included Caskey, Wentz, R. Smith, Aughinbaugh, Miller and Kane.

Sports Roundup

By HUGH FULLERTON, JR.
Pompton Lakes, N. J., Nov. 14 (AP)

Joe Louis was sitting on the rubbing table in a crowded little room watching Trainer Manny Seamon bandage his hands with solemn care of a mother diapering her first baby.

Joe was trying to carry on a conversation with reporters and was making tough work of it. The only subject that had come up was Joe's "lucky" bathrobe and the champ admitted it was "beginning to give out, too."

The door opened and Louis let out a gleeful shout, "Ray, How'd you do this morning?"

Welterweight Champion Ray Robinson, wearing a red stocking cap, a toothy smile, a red sweater and dark slacks bounced in, and shouted: "I did myself out of a set of golf clubs."

EXCLUSIVE CLUB

Robinson, it seems had been playing golf none too successfully. . . . "I three-putted five greens," he laughed. "Then I busted up all my clubs." . . . "Like me in California," commented Joe. . . . "Yes," Ray agreed. "When I broke my putter they said, 'all right, little Joe.'"

They both had a big laugh over that and Louis, who had trouble summoning a faint smile for photographers explained: "I was playing out there and was low medalist the first day with 72. The next day for the first eight holes I was under par. Then I hit about a 300-yard drive and had an easy little chip about 45 yards over some water. I chipped that ball right into the water and I got so mad that I gave the caddy a brand new set of matched clubs I had just bought. I gave him all my golf balls and the bag and then I took off my shoes and gave them to the caddy, too, and walked in barefooted."

SERIOUS TRAINING

Louis, who has been training here about two weeks in preparation for his December 5 bout with Jersey Joe Walcott, doesn't seem to be taking it lightly except when he's sparring verbally with Robinson, who also acts as one of Louis' seconds during his training bouts. . . . He quit golf several weeks before beginning to train "because it bothers your muscles." . . . The champ explained: "John Roxborough warned me before the first Conn fight but I disagreed with him then. I don't now. I played golf all the time then and I had a lot of trouble with my arms. So now I play golf to get my legs in shape and then quit before I begin to box."

Penn Hopes For Win Over Army Brighten

Philadelphia, Nov. 14 (AP)—Pennsylvania's hopes for its first football victory over the Army in five years brightened perceptibly today with the disclosure that two important guys called Bob—Deuber and Graham—probably will play against the Cadets.

Deuber is the fleet halfback who was injured late in the Virginia game after racing 61 and 56 yards for touchdowns in the 19-7 conquest. Graham, the lad teammates refer to as "Snakey," is a crashing 200-pound fullback who sparked two scoring drives in the 26-7 victory over Princeton but did not play against Virginia.

Graham, the cast removed from his knee Tuesday, was charging at top speed in yesterday's workout, while Deuber was able to jog on his sprained foot.

But these developments brought no outward expression of joy from Coach George Munger, who went right on worrying about the Army. He knows the pressure will be on his big Red and Blue eleven in Franklin field Saturday in the top eastern game before another sell-out throng.

PREDICTS TECH, LIONS WILL GET FIRST SETBACKS

By HAROLD CLAASSEN

New York, Nov. 14 (AP)—Coming right back for another try of picking the week-end's football winners and using the same formula that brought 73 correct guesses out of 82 selections last week for an average of 890.

That lifted the season's total to 393 correct picks, 90 incorrect for an average of 813.

Michigan-Wisconsin: The Badgers have scored more points in four Big Nine games than have the Wolverines in the same number of contests but the all-around balance of the Crisler men should wear out the Wisconsin players, Michigan.

Army-Pennsylvania: This is virtually the same Penn team that the Cadets have pushed around for the past two seasons—but it isn't the same Army team. Penn to win in a close game, perhaps by as little as a point.

Georgia Tech-Alabama: Alabama has had two weeks in which to prepare for this one and its two big

guns, Lowell Tew and Harry Gummer, are in the best shape while Tech's backfield is crippled. Alabama to halt Tech's unbeaten string.

Irish Easily

Notre Dame-Northwestern: The Wildcats didn't lose to Ohio State last week-end until three minutes after the final gun. They won't have to wait that long this time. Notre Dame.

Oklahoma-Missouri: Missouri needs only a victory and a tie in its final two games to win another Big Six championship. Ed Quirk, Missouri's fullback, weighs 240 and Mel Sheehan, an end, registers 200. The weight of the evidence favors Missouri.

Penn State-Navy: The Midshipmen have been battered all season by the country's best and this time their opponent is another all-winning club. In the belief that the Midshipmen have rid themselves of fumbles—Navy.

Yale-Princeton: Levi Jackson definitely isn't up to par and Fred Naderhny, Yale's fullback, may not play. Princeton.

Illinois-Ohio State: The Buckeye attack has produced only one touchdown in the team's last three games. That won't be enough against the Illini. Illinois.

Arkansas-Southern Methodist: Doak Walker has thrown off the

cold that hampered him a week ago. Southern Methodist.

Holy Cross-Columbia: Kusserow is out but Columbia still has its battery of Rossides to Swacki. That is enough. Columbia.

Washington-UCLA: Cal Rossi has himself a day. UCLA.

Mississippi State-Louisiana State: If LSU watches Harper Davis Tom McWilliams will do the scoring. And if the Tigers concentrate on McWilliams, it will be Davis across the goal. Mississippi State.

Finishing the others in a hurry:

Today's Talk

By GEORGE MATTHEW ADAMS

IF YOU ARE A FIGHTER
—WITH SPIRIT

For a dozen years or so I have been taking my car to the Cadillac service station in my town to be oiled and fixed up from time to time. On my first visit I looked around and chose a medium-sized chap with a smile upon his face to take my case—and I have stuck to him. I liked him, his courtesy and his fine spirit.

It was not until a short time ago that I learned he had been a soldier in the First World War and that he had been a great hand ball player before he entered. I learned the story of Eddie Demarest through an acquaintance, and it ran something like this:

As a member of the 11th Engineers (New York), he faced the music, did his job from day to day, and took things in their stride—no matter what—until one day in the Argonne a seventy-seven millimeter messed him up, shattering both legs. They patched him up and sent him to a base hospital. It was a litter case and things looked bad. The M. D.'s shook their heads—but not Demarest! That chap had a fighter's heart. It takes more than a cannon ball to wipe out the spirit of a man—and it didn't faze the spirit of my friend.

He watched his old pals play his favorite game. Little by little he moved about, taking brief exercise at this and that. At first he suffered nothing but torture—but he kept drawing on that spirit of his. Progress was slow, but in six months after returning home he was playing singles and giving tough competition at that. At the end of the year he was entered with his friend Andy O'Brien against two husky piano movers, Dan McGahan and Patty Ryan, for the Metropolitan Championship! It was a notable contest, with such folks as Bugs Baer, Bob Ripley, Charley Ruggles, and others as spectators.

The contest was on. The two piano movers took the first game, 21-14. Then the second went to Demarest and his pal, to the tune of 20-9. The third game was a hummer, they tell me, with Demarest and O'Brien losing in a close game—but the crowd figured otherwise. It was this chap Eddie Demarest who had won his game. He had demonstrated that when you have spirit and heart you have all. Here is encouragement for thousands of like soldier chaps, who also can take heart—and win their game!

Tomorrow Mr. Adams will talk on the subject: "That Little Candle."

After the cares, a smile.
After the day, a kiss.
What is there more worth while?
What is there worse to miss?

Gentle good-by at morn

After the burdens borne,
What is there more to earn?

Home at the set of sun,
Love when the day has flown!
After the tasks are done,
What is there more to own?

Sunday School Lesson

BUILDING

CHRISTIAN CHARACTER
By Rev. Howard R. Gold, D.D.

Margaret C. Gold

II Peter 1:5-11; Jude 17-21, 24-25
Memory selection: As ye have therefore received Christ Jesus the Lord, so walk ye in him; rooted and built up in him. Colossians 2:6-7.

This is the third lesson on the general subject of character development as applied to the Christian. The qualities necessary in forming character are set before us and the lessons to come tell more definitely of the fruits and rewards of Christian living. It so happens that both II Peter and the Epistle of Jude treat these matters similarly and it is believed that the author of one must have copied from the other. Since Jude was written about 66 A.D., the author of II Peter probably read it.

Jude is the English name for Judas, and he is commonly believed to have been one of the brothers of Jesus for he says he is the brother of James, writer of the Epistle. He really intended writing a longer book but was so disturbed by the moral laxness of the Church he wrote an immediate rebuke. This was meant for a number of false teachers as well as the members. Some believe the letter was addressed to Jewish Christians at Jerusalem. Until the end of the second century A.D., the members of the early churches had no guidance or authority except that which came from the writings of the Apostles who knew and were taught by Jesus himself. The people were becoming too "liberal" in the matter of morality, so these two letters are just as applicable today.

The theme centers around these things: The Christian life is a matter of growth, a progressive development not accomplished in a day or year; the seven virtues or qualities essential and how each quality encourages the others to grow; that becoming a Christian is a full-time job.

The Seven Virtues
Sometimes we are inclined to feel quite complacent about our lives. If we read the list of qualifications in II Peter, we will feel the need for greater diligence in acquiring holiness.

ness of life. "Seeing that His divine power hath granted unto us all things that pertain unto life and godliness." Here we see that God has provided us with the "roots" of character, but we must add the fruits ourselves.

The virtues enumerated are these fruits, the basis of a truly Christian life. In addition to faith, the first cornerstone in building character, are virtue, knowledge, temperance, patience, godliness, brotherly kindness, and love. The last and greatest of these is love. All of these qualities are necessary to the perfectly developed Christian character. We cannot garden just one little spot in our lives and neglect others. The ideal of Christians should be like that of the horticulturists at Kew Gardens who aim to cultivate specimens of every tree, flower, and shrub that grows on the face of the earth. How could we develop godliness without brotherly kindness, or temperance without patience? So if we cultivate our lives earnestly we have this promise: "For if you do these things, ye shall never stumble."

Love — Social Quality
The first five qualities mentioned are part of the inner development of a person. The last two are outward qualities — brotherly kindness and love. So these can be called social qualities needed in all our contacts with others.

"Keep yourselves in the love of God," Jude emphasized this as did Peter because it is the only means of grace to enter the Kingdom of God. Both Jude and the great Apostle urges love of the brethren, because those first little bands of Christians faced a hostile world and needed strong bonds of love to hold them firm and to comfort them. Peter wished for them and all Christians a kind of love that would light their daily lives and sanctify and uplift the Church.

Growth In Character
The word "building" indicates growth. Growth is a sign of life, a fact proved by science. Our souls can grow and mature just as our physical bodies. It is said that a Christian cannot be living unless he is growing. Jesus' teachings about the mustard seed, the leavening of the bread, etc., all testify to the process of spiritual growth. The object of all growth is maturity and in the case of Christian maturity means the achievement of a well-rounded Christian character.

Your Whole Concern
No one ever becomes good all at once, for building character is a slow and painful process. Christianity is not a passive religion but requires work and effort. Unless we are practical as well as godly, do acts of charity and try to convince others that the way of Christ is the only path to salvation we cannot claim to be Christian. Dr. Moffatt says in his translation: "Do you continue to make it your whole concern."

FIVE KILLED IN B-29 CRASH IN SNOW STORM

Spokane, Wash., Nov. 14 (AP)—Five men were killed in the crash of a B-29 Superfortress on Mount Spokane during a "blinding snowstorm" last night and two other men, riding in the tail section which fell to the earth just before the plane hit, were injured.

Three deputy sheriffs later suffered severe facial burns when "something inside the plane" exploded during their investigation of the accident.

The plane struck the ground about 800 feet from the top of one knob of the mountain. It broke into flames after the crash.

John Linder, who was operating a snow plow on the road when the plane struck but 100 feet away, said the plane crashed with a loud

Flying On Instruments

The plane, "all in flames, dropped almost in front of" Linder, Mrs. Frank J. Dutton, wife of the superintendent of Mt. Spokane Park, said.

Dutton reported the two men who survived were in the tail section which broke off when the plane hit trees before plowing along the ground to a point some 300 feet away.

Dutton said the two survivors reported the pilot was "flying on instruments in a terrific snowstorm."

He said the ship stopped its plowing rush over the earth only about 100 feet from where Linder and a companion were riding along the road on a snow plow.

The plane was on a routine training flight from the Spokane Army airfield. The survivors both were enlisted men.

COPS FIRE ON RED RIOTERS

Naples, Italy, Nov. 14 (AP)—Police fired on Communist demonstrators here Thurs. as Italy's wave of political turmoil spread southward. Several wounded were hospitalized.

Industrial northern Italy, prominently leftist, was quiet but only after a week of violence and bloodshed in the burgeoning assault from the left against Premier Alcide De Gasperi's Christian Democratic government.

Naples police, in light armored cars, moved in on the Via Roma and the Via Medina in the heart of the city where a demonstration was held to protest against what Socialists and Communists called "neo-Fascist" provocations in Milan and elsewhere in the north.

Some demonstrators used tear gas bombs against the police and were reported to have fired shots in the air.

The demonstrators assembled in Naples' Municipio Square and marched through the main streets, attacking newspaper stands on the way and ripping and burning rightist newspapers.

FRENCH AUTHOR IS NOBEL WINNER

Stockholm, Nov. 14 (AP)—The French author Andre Gide received the Nobel Prize in Literature today.

The Swedish Academy of Literature selected the 77-year-old author, for 40 years a leader among French writers. Swedish literary circles acclaimed the choice.

His friends had testified that Gide still is "unusually vital in modern currents of art."

Gide's Swedish translator, Dr. Schildt, described the Frenchman as "a Communist against Stalin and a Christian against the church." The author visited Russia in 1933 at the invitation of the Soviet government and spoke in Red Square. His address was at the funeral of Maxim Gorki, the Russian writer.

The Nobel prize awards for physics and chemistry were to be announced tonight.

Gide, bald and bespectacled and a lifelong bachelor, announced early in the 1930s that he had become a Communist. His enthusiasm for Communism was at a peak from 1933 to 1936. He visited Moscow in 1936 when the purge trials were on, and returned to Paris to write a book of bitter disillusionment, "Retour De L'U. R. S. S." The Communist criticism caused Gide to write more of the same story of his disillusionment with Josef Stalin's Soviet Union.

Two British Police Slain In Tel Aviv

Jerusalem, Nov. 14 (AP)—Two British policemen were shot to death in Tel Aviv today and a third was slain in Jerusalem. Police said they believed the Jewish underground had embarked on a new "reprisal" campaign.

Unidentified gunmen firing from a speeding car shot the two officers in Tel Aviv during the morning and a short time later there was a similar attack on officers walking along the suburban end of the Jerusalem-Jaffa road.

A second policeman was believed fatally wounded in the latter attack and a small Jewish girl also was hurt.

The killings brought to nine dead and 30 wounded the British casualties since a new wave of underground violence began earlier this week.

Britain's Troubled Labor Government Fills Hugh Dalton's Post Quickly

MAY STAVE OFF CABINET CRISIS BY HASTY MOVE

London, Nov. 14 (AP)—Britain's harassed Labor government rallied today to stave off the possibility of a ruinous cabinet crisis resulting from a budget "leak" scandal which forced the resignation last night of Chancellor of the Exchequer Hugh Dalton.

Prime Minister Attlee promptly appointed Sir Stafford Cripps, the nation's economic czar, to succeed Dalton as treasury chief.

Sir Stafford—often called "Austerity Cripps"—thus emerged as the undisputed "strong man" of the Labor regime. One Conservative Scotsman declared that the fact Sir Stafford now holds the reins of both the treasury and the drive for economic recovery "marked him out as Labor's man of destiny—even more than heretofore he will be the near-dictator of this country."

Await Repercussions
Just what repercussions the swift and startling cabinet break would have remained to be seen, but Conservative newspapers in the provinces unhesitatingly predicted it would have "profound effects on the waning prestige of the Socialist government."

In the House of Commons, Winston Churchill, the opposition leader, disclosed that he had demanded a full investigation by a select committee of the incident which led to Dalton's resignation. Some observers saw in this the possibility of a full-blown effort to oust the Attlee cabinet.

First Break in Big 5
Dalton's resignation marked the first break in Labor's big five—Attlee, Cripps, Dalton, Foreign Secretary Ernest Bevin and Lord President of the Council Herbert Morrison—since Labor came to power in 1945.

It followed his apology to the House of Commons for "a grave indiscretion" in disclosing details of tax secrets to a newspaper reporter a few moments before he announced the emergency budget in Parliament Wednesday.

A cabinet storm blew up immediately. The cabinet met hastily, Attlee called on King George and the announcement of Dalton's resignation followed. Attlee issued a statement in which he said the resignation resulted directly from Dalton's "indiscretion."

ISSUE COLUMN FOR ILL EDITOR

Pittsburgh, Nov. 14 (AP)—George A. Zerr has accumulated a good many friends during his 38-year career as River editor of the Pittsburgh Post-Gazette and its predecessor, The Pittsburgh Post.

George has been writing a River column daily for those newspapers since 1938, a homely piece designed especially for riverfolks. He's traveled the Ohio, the Mississippi, the Monongahela and just about every major navigable river in the country.

Well versed in the lore of the waterways, he's known as "Mr. River" in the Pittsburgh district and up and down the Ohio.

He was stricken ill on his 71st birthday last Friday. He worried about his column—and so did the Post-Gazette. It admitted frankly today there was no one to take his place.

At the time of the first U. S. census in 1790, only 5 per cent of the U. S. population lived in cities.

John Bassett Moore, Noted Lawyer, Dies

New York, Nov. 14 (AP)—John Bassett Moore, 86, nationally recognized authority on international law and the first American elected to the permanent court of international justice at The Hague, died Wednesday.

Professor of international law and diplomacy at Columbia university from 1891 to 1924, he was an assistant Secretary of State under John Hay and a member of the Spanish-American peace commission which met in Paris in 1898 and helped draft the treaty ending the

war with Spain. Later, in President Woodrow Wilson's administration, he served again as assistant Secretary of State under William Jennings Bryan.

His service on international tribunals began in 1912 when he became a member of the permanent court of arbitration at The Hague, and in 1921 he was elected to the permanent court of international justice, established by the League of Nations. He retired from the post in 1928.

Moore was a native of Smyrna, Del., and attended the University of Virginia, becoming attached to the State Department following his graduation.

INDUSTRIES ARE SOUGHT FOR PA.

Harrisburg, Nov. 14 (AP)—A plan to bring automotive and electric appliance plants to Pennsylvania was being studied today by a legislative committee set up by the 1947 legislature to find ways of bringing more industries into the commonwealth.

Rep. Robert D. Fleming (R.-Allegheny) committee chairman, said

despite its huge industrial output, Pennsylvania still rates far below other states in attracting new industries.

Sen. Weldon B. Heyburn (R.-Delaware) chairman of the general assembly's joint state government commission, added that "Our state is low on the priority list of industries looking for new locations, and it's the job of the committee to find out why that situation exists."

Heyburn said the committee would study the problem from all angles, including taxes, labor relations, and labor shortages.

"Everybody is pretty much in agreement that the tax angle enters into any plans of new industry to settle here," said Heyburn. He added that the cooperation of labor unions would be sought in solving that problem, explaining "they have a real stake in employment."

Determined Mother Changes Court Plans

Reading, Pa., Nov. 14 (AP)—Judge Warren K. Hess of Berks county court called a night session to dispose of the last civil case on his docket to permit him to start on his scheduled vacation.

The jurist failed to reckon, however, on the determination of a

woman juror. She announced yesterday that she had a five-month-old baby at home and couldn't possibly stay in court after 4:30 p. m.

Judge Hess adjourned court at 4:30 p. m. and re-arranged his vacation plans for a departure today.

MARTIN SPEAKS TO GOP WOMEN IN FINAL SESSION

Harrisburg, Nov. 14 (AP)—The Republican standard bearer in 1948 must be "a man of firm and undeviating faith in the philosophy of free government which gives full recognition to the liberty and dignity of the individual," U. S. Sen. Edward Martin says.

The former Pennsylvania governor spoke at the closing session of the 25th annual convention of the Pennsylvania Council of Republican Women last night at which repeated pleas for opening of the Presidential campaign were made.

"Favorite Son" "We must revolt against anything which takes away the freedom of the individual," Martin stated. "We must revolt against those trying to get something for nothing. We must revolt against the racketeer, the chiseler and the law evader."

Mentioned as the Keystone state's favorite son for the GOP national convention in Philadelphia next June, at which Pennsylvania will have 73 votes, Martin declared:

"Much of our trouble in the United States is the result of the unparalleled Federal spending of the last 17 years. Billions of dollars of the people's money is collected annually to support hordes of Federal employees who are strangling the liberties of the people by their dictatorial methods."

Hits Democratic "Lies" The senator added that the cost of government, "now about \$50,000,000,000 annually," is "putting us in

Truman-GOP Clash On Controls Looms

Washington, Nov. 14 (AP)—Congressional Republicans furnished fresh evidence today of an impending clash with President Truman over proposed cost of living controls and tax reduction.

Although Mr. Truman has not yet laid down the anti-inflation program he said must go along with foreign economic aid, his declaration that European recovery must be financed out of taxes was widely interpreted as indicating he will oppose GOP-sponsored cuts in 1948 income levies.

Rep. Bender (R-Ohio) sharpened this issue by calling for a \$5,000,000,000 to \$10,000,000,000 tax slash which he said can be made if the forthcoming economic aid program "meets humanitarian requirements but rejects extravagance, militarism and adventurism."

Bender took that stand in a report he prepared to lay before a

the dangerous situation where we spend more for government than for food. All of these danger signals give warning that we must get back to fiscal stability to prevent chaotic conditions that may come any day."

G. Mason Owlett, Republican National committee member from Pennsylvania, also told the convention that the "high cost of living" is going to play a big part in the 1948 campaign and "we can't let them get away with these lies" that Republicans are responsible.

"Don't let them tell you that it was Republicans who removed price control," Owlett said after asserting the GOP did not take over control of Congress until after most price restrictions had been lifted by President Truman in 1946.

HARRIMAN AIRS VIEWS ON US AID

Washington, Nov. 14 (AP)—Secretary of Commerce Harriman testified Thursday he would favor stopping at once any American aid to a nation which might in the future come under the influence of Russia.

Harriman was asked about his attitude in such a case while he was testifying to the House Foreign Affairs committee in behalf of the administration's proposed \$597,000,000 meeting today of the Senate-House Economic committee headed by Senator Taft (R-Ohio).

"I would then lose interest in it, in that particular country," Harriman said.

But, in contrast, he said he believes America should hold itself ready to extend help to nations of eastern Europe if they should free themselves of Russian domination.

Certain of these nations, the secretary said, would have "liked to come in and work with us," but were prevented from doing so by Russia. "Poland, Hungary and Rumania are very friendly to us and have been forced into the iron vice against their will," Harriman said.

The increase in U. S. population in the 1930s was less than half as great as in any previous decade.

Apartment Blaze Fatal To Bridegroom

Philadelphia, Nov. 14 (AP)—A few hours after their wedding, a 39-year-old man was burned fatally and his bride overcome by smoke early today as flames swept through their three-room apartment.

Firemen summoned by other tenants of the apartment building found Mrs. Rosalie Miller, 40, unconscious on the floor a few feet from the body of her husband, Joseph.

Mrs. Miller, whose marriage to Miller had taken place yesterday afternoon, was revived at St. Joseph's hospital, where doctors said her husband had died of burns of

the entire body.

Firemen did not determine the cause of the blaze immediately but said it apparently started in the couple's bedroom on the third floor of the building at 1503 West Master street. All three rooms of the Miller apartment were badly damaged by flames before the blaze was extinguished.

There are few mines which contain more gold than is contained in the vaults at Ft. Knox, Ky.

RITONS SPLIT IN NEW CURBS IN AUTUMN BUDGET

London, Nov. 14 (AP)—Britons of all classes grumbled today over terms of the Labor government's interim autumn budget calling for new taxes on spending power to reduce inflationary buying, but newspapers generally protested that the measures were not sufficiently severe.

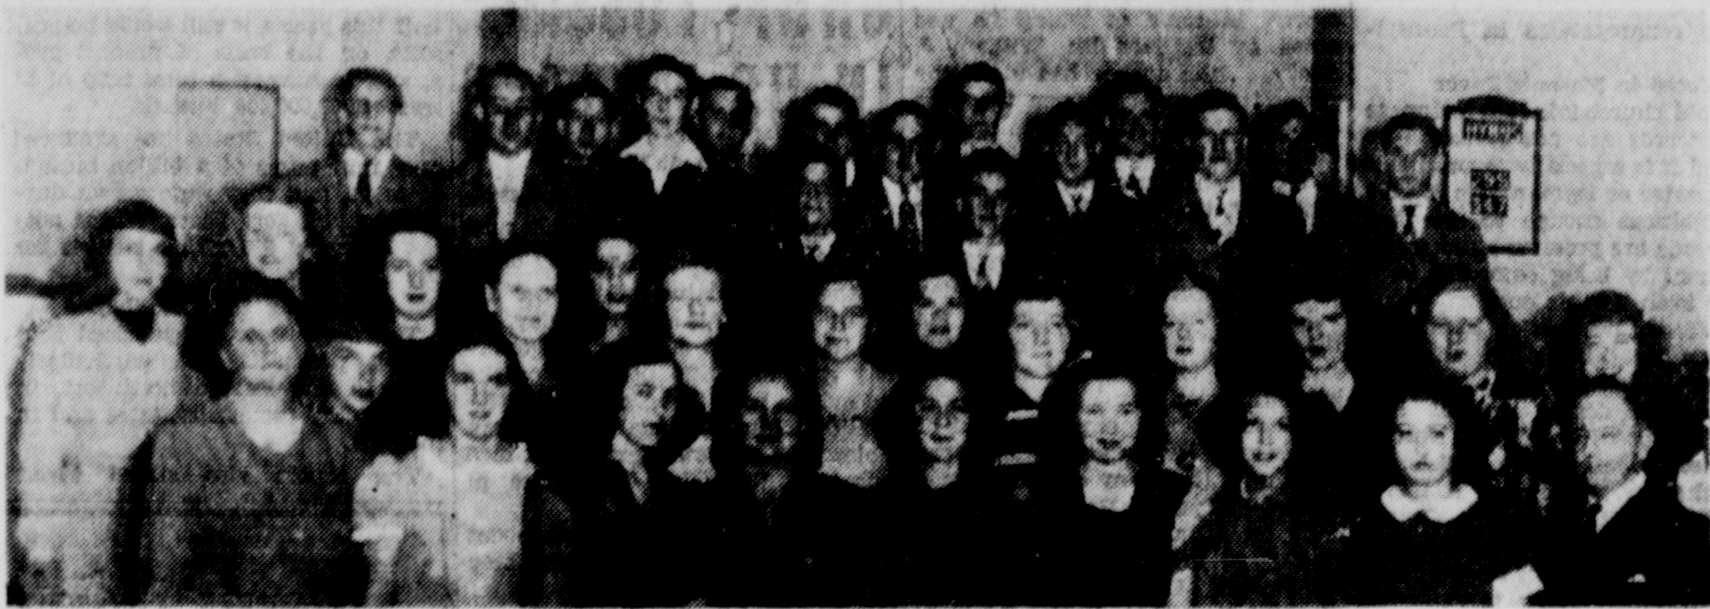

Chancellor of the Exchequer Hugh Dalton's budget proposals, submitted in the House of Commons Wednesday, would affect rich and poor alike. The budget demanded more as big a slice of company incomes, higher purchase taxes and higher revenues.

It also slapped taxes on dog racing and football pool betting and added the cost of a pint of beer one penny (two cents).

Not Expected To Be Popular
"I don't expect this to be a popular budget," Dalton said Wednesday in a radio address explaining the proposals to the British people. Dalton said the proposed revenues could mop up an additional \$832,000,000 in annual surplus spending power, estimated at around \$200,000,000.

Lord Beaverbrook's Daily Express greeted the proposals with the headline "Everything Up (Except Income)," but many leading editorial writers assailed them as halfway measures. The Communist Daily

Two Killed When Small Plane Crashes

Youngstown, O., Nov. 14 (AP)—Two Pennsylvanians, one an official of a large coal company, were killed Wednesday as their private plane crashed and exploded on a farm near here.

Officers said the plane crashed a few minutes after it had taken off from the Southern Airways airport in Youngstown. They theorized that Danek was trying an emergency landing and that the plane struck a tree, hurtling to the ground and exploding in a mass of flames.

Rocky Rolls Over And Plays Dead

Chicago, Nov. 14 (AP)—Peter Barton, 50, a tool maker, was in jury court yesterday on a charge of disorderly conduct on complaint of some of his neighbors that his dog, Rocky, was a "vicious barking dog."

Rocky, a sleek Doberman Pinscher, was in court, too. She kept her mouth shut and made with the eyes at Judge Victor A. Kula.

As one neighbor complained that Rocky frightened her small daughter, the 2½-year-old dog nudged up to Judge Kula who gently scratched her neck. A 13-year-old boy, a neighbor of Barton's who had played with Rocky a long time, walked over to her and she rubbed her nose against the boy's knees.

Judge Kula, after ordering all participants in the case to sign \$500 peace bonds, dismissed the case.

Rocky rolled over and played dead.

145 SPORTSMEN HOLD BANQUET AT SILVER RUN

One hundred forty-one members and guests of the Littlestown Fish and Game Association enjoyed their annual banquet Wednesday evening beginning at 6:30 o'clock in the social hall of St. Mary's Lutheran church, Silver Run. A sauerkraut and pork dinner was served by the ladies of the church. The original menu had called for rabbit, but they were advised by the State Game Commission that it was not permissible to transport rabbit across the state line. Therefore, sauerkraut and pork were substituted.

Roy D. Knouse of Silver Run offered the invocation and Dr. J. R. Riden, president of the association presided as toastmaster. Leo Bushman, of Gettysburg, Adams county game protector, was introduced as one of the guests of the evening.

The speaker was Joseph S. Checklinski, Huntingdon, who is special service assistant of the Pennsylvania Game Commission who spoke on "The One-Day Doe Season—December 13th." In the beginning of his address, the speaker stated that in 1896 the deer stock in Pennsylvania had been greatly depleted. Fifty deer were then stocked from Wisconsin, Michigan and Virginia. From those fifty plus the few that were remaining in the state, the present vast supply was built up which is so large that in 1946, 32,000 antlered bucks and 4,000 doe and antlerless buck were shot.

Mrs. Checklinski favored the one-

day doe season, because of complaints coming from the orchardists and farmers of the mountain sections where the great number of doe are damaging trees. He also stated that it may be true that Adams county has a scarcity of doe, but the state will not close any county unless there are a sufficient number of petitioners. Adams county lacked 1,200 signatures to close the doe season in our county. He further remarked that experience proves that after a doe season, the rack on the buck becomes more massive.

He told his audience that in 1946 there were approximately 1,000,000 hunters in Pennsylvania; 850,000 were licensed hunters and there were approximately 150,000 farmers and men not needing a license. He then explained the work the game commission must do to supply sufficient game for such a large number of hunters.

In concluding his remarks, he went into the discussion on birds, pointing out the many types; how they feed their young, etc. After his address he showed three reels of motion pictures which pertained to game life in the United States in general.

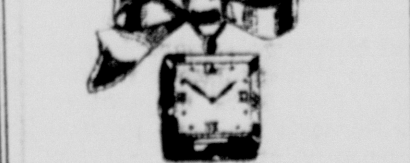

The first reel was a picture of birds feeding their young. The sec-

ond reel showed how soil conservation and animal conservation go hand in hand. The last reel was called "Trigger Happy Harry" which was a safety picture on the proper use of the gun.

During the banquet, the president, Dr. J. R. Riden, named Millard Doyle as chairman of the Fish and Game Contest committee succeeding Walter B. Crouse who died some months ago. Any hunter shooting a pheasant with a silver ring containing a number around its leg is urged to take that ring to Millard Doyle at Banker's restaurant. After the hunting season, the holders of these rings will be eligible for a prize.

Those assisting Millard Doyle on this Fish and Game Contest committee are Richard Long, William Renner, Charles Riffe and Charles W. Weikert.

The committee that arranged for this annual banquet consisted of Charles W. Weikert, chairman, Kenneth Shoemaker, Jack Crouse, Ray Study, Calvin Sentz, Sr., James Bowers, Ralph Conover, Edward Leister, Kenneth Olinger and Richard A. Little.

UNION SERVICE AT REDEEMER'S SUNDAY EVENING

The sixth of the Union Vesper services will be held Sunday evening at 7:30 in Redeemer's Reformed church, the Rev. Frank E. Reynolds, pastor.

These vesper services began in St. Paul's Lutheran church on October 12; St. Paul's having been selected for the opening service because it has the largest auditorium. PUBLICATIONS REVIEW BOOK OF REV. BRUMBACH

During the past few weeks, several publications have reviewed the "History of Christ Reformed Church (Evangelical and Reformed), Union Township, Adams County, Pa. 1746-1947" which was written by the Rev. John C. Brumbach, pastor of the church and released to the public in April. This book was the result of five years of research on the part of the author.

The first publication to review this history was the October issue of "Pennsylvania History," the official organ of the Pennsylvania Historical Association, a quarterly journal. This review was written by Dr. H. M. J. Klein of Lancaster, who was a teacher of the author when the latter was a student in Franklin and Marshall college.

After reviewing the book, Dr. Klein concludes, "Mr. Brumbach made careful study of all available sources for five years. The result is that the book is thoroughly documented and in many respects is an excellent example of what ought to be done by other older eighteenth

century congregations in Pennsylvania.

Noted in Masonic Paper
"An old church is indeed fortunate if its records are not scattered or lost, and it is especially favored if it has a pastor or layman who is able and ambitious enough to see that the records are preserved and made permanent by being embodied in a volume such as this one."

The second publication commenting upon this history was the October News-Letter of the Supreme Council 33rd degree Ancient Accepted Scottish Rite for the Northern Masonic Jurisdiction, U.S.A., of which the Rev. Dr. McIllyar H. Litcher, Boston, Mass., who is Grand Prior of the Supreme Council is the editor. This News-Letter states: "The Rev. John C. Brumbach, Littlestown, Pennsylvania has made a contribution to the records of early Pennsylvania History, by his 'History of Christ Reformed church'."

In Seminary Bulletin
The third publication reviewing this book was, "Bulletin, Theological Seminary of the Evangelical and Reformed Church," Lancaster, Pa. The review was prepared by Dr. David Dunn, professor of Church History in the seminary. Quoting Dr. Dunn: "The present pastor of this historic congregation which recently celebrated its Two Hundredth Anniversary (April 27 to May 4, 1947) has given to his people and to the whole church a significant demon-

stration of how the long story of an old congregation can be made to illumine and inspire the church work of the present. By painstaking research, in some of which he was aided by the late Dr. William J. Hinke, the author has made the successive pastorates from the days of Michael Schlatter to the present disclose incidents and developments of significant interest. Schlatter's first visit to the little community of German settlers, out of which was organized under his guidance this congregation, took place May 4-6, 1747. Photostatic copies of the title page of the original record book and of the two pages of entries in his own clear hand are in themselves enough to repay the reader of this history for his attention, to say nothing of the many other offerings of the 179 pages. Rev. Mr. Brumbach, in collaboration with Dr. J. M. Myers, the Lutheran pastor of St. Luke's Union Church (Mt. Pleasant Township, Adams County), prepared and published a history of this congregation when it observed its centenary in 1946."

BUMPER WHEAT CROP POSSIBLE IN US IN 1948

By OVID A. MARTIN
Washington, Nov. 14 (AP)—A bumper wheat crop is still possible next year despite a serious seeding delay in the great plains, agriculture department officials said Thursday.

A department crop report yesterday said about 25 per cent of the intended wheat acreage in Nebraska, Kansas, Oklahoma, Texas, Colorado and New Mexico remained unseeded November 1 because of critically dry weather.

These six states produced about 49 per cent of this year's record crop of 1,406,000,000 bushels.

Acreage Up
The report said seeding has progressed well, however, on what now appears to be an increased acreage

in all other important producing areas.

Officials said that assuming next year's production in the six drought-affected states is only one half this year's, it still would be possible, on the basis of present prospects, to harvest a total crop of at least 1,000,000,000 bushels.

The United States has produced only four crops of a billion bushels or more, and they were grown during the past four years. Wheat output averaged 890,000,000 bushels for the 1936-45 period.

Seeding Still Possible
The crop report emphasized that wheat prospects are particularly good in the Pacific northwest, in most Rocky mountain states and in the east.

The report also stated that

seeding in the dry areas is still possible if sufficient rain should fall during November and December.

The report gave few changes in production estimates for this year's crops from estimates of a month ago. Corn declined slightly in quantity, but improved in quality and livestock feeding value. The crop is about 25 per cent below last year's record and 17 per cent short of government estimates of need based on rates of use during the past year.
